

Creating a Recording using the SmartMusic recorder and submitting it on EDMODO

1. Open SmartMusic (you do not need to login) and click on **PRACTICE TOOLS**

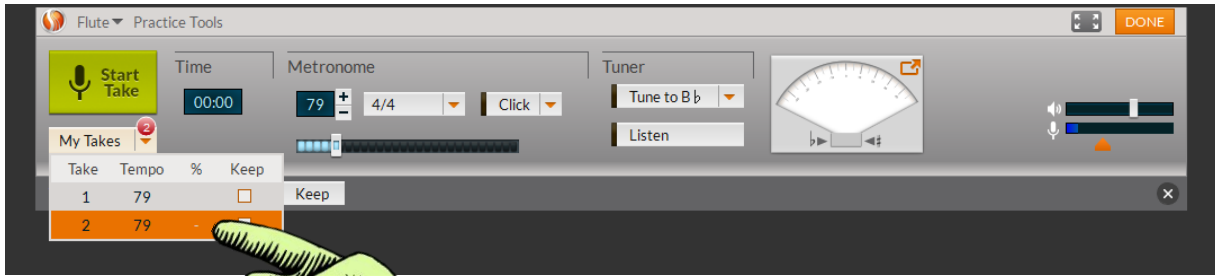

2. Once you are ready to record, click **START TAKE**. This will start the recording.

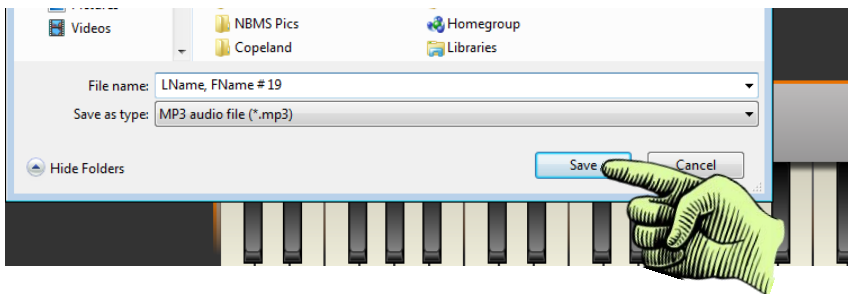

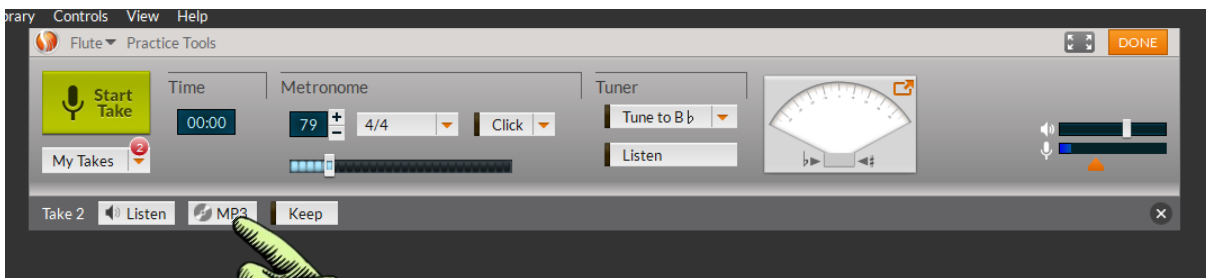

3. Click **STOP TAKE** to stop recording. This will end the recording and create a "Take" in **MY TAKES**. You may create as many "takes" as you'd like.

4. Click on the TAKE you want to keep and listen to it.

5. Click **MP3** and Save the file to your desktop. Name the File LName,FName#19

6. Open your EDMODO assignment and click the **ADD FILE ICON** and add MP3 file from desktop then click **TURN IN ASSIGNMENT.**
